Auto Flight Selection

New for 2020 - Select Tournaments Only

Overview

- The Auto Flight Selection process will run between the end of pre-registration and the start of full registration.
- Flights will be selected for each school based on flight preferences selected during pre-registration (and tiers if applicable).
- The system will attempt to assign flight times based on your indicated preferences after the pre-registration closes.
- You will have an opportunity to manually change flights after auto selection when full registration opens back up.
- You will be financially responsible for all flight positions selected for this team during the auto selection process that aren't dropped by the Drop by Date

Timeline

- Pre-registration Opens
    - Select flight preferences
- Pre-registration Closes
    - The system will automatically select flights for each team based on selected flight preferences
    - The system will notify each school after the auto flight selection process has completed
    - The coach can review selected flights
- Full Registration Opens
    - The coach can manually add/change/drop flight positions as needed.

Selecting Preferences

- The system will not select flights for you with the value of X
- The system will try to select in order of preference starting at choices with 1 then 2, then 3…..
- You can assign the same value to multiple flights
- Multiple flights with the same preference order will be treated as equal
- If the system cannot find available spots for you from your preferred (numbered) choices, you will not be assigned to a flight time
- The system will attempt to keep a team group together, but the group may be spread out among flights indicated as preferences if necessary.
- There is an Accept Any Flight button that will add an equal preference for all tournament flights
- Assign a number to ALL flights that you are willing to accept
    - 1 = first choice(s) 2 = second choice(s) 3 = third choice(s) And so on….. X = Do not select

Accept Any Flight

Flights with a preference order of 1 will be top priority. (This is not the number of archers)

FLIGHT TIME	PREFERENCE ORDER
5/9/2019 10:00:00 AM	- 1 +
5/9/2019 11:15:00 AM	- 2 +
5/9/2019 12:30:00 PM	- X +

Finished Updating Team Preferences
