

Registering Teams vs Individuals for a NASP® Tournament on nasptournaments.org

For registration purposes, you will need to group your archers into team groupings. These team groupings can be Elementary, Middle, or High school division team groups (typically 12-24 archers with at least 4 girls and 4 boys) and/or a grouping of archers competing as individuals. If you have individual archers that are not competing as part of a team group, you would add an Individual grouping to your registration and place those archers in that group.
